EXPERIENCE (3+ YEARS)

Spinoors — *Frontend Developer* AT 2X SOLUTIONS ([link](#))

SEPTEMBER 2024 - OCTOBER 2024

- Integrated wallet and smart contract (with IDL) functionalities, ensuring seamless interaction with blockchain assets.
- Implemented dynamic and responsive UI based on Figma designs, enhancing device user experience.
- Developed game mechanics and animations for a roulette feature, including logic and state management using Redux.
- Built an admin panel for managing the vault and games, with authentication and authorization mechanisms.
- Designed and deployed a scalable application stack using Next.js, TypeScript, Tailwind CSS, and Docker.
- Configured Nginx for reverse proxying and deployed on a Hostinger VPS.

Degen News — *Frontend Developer* AT 2X SOLUTIONS ([link](#))

AUGUST 2023 - DECEMBER 2023

- Implemented a WebSocket stream with Socket.IO to enable real-time updates and rendering of site activities on the home page.
- Captured and tracked user interactions with ads and visits data, providing actionable insights for advertisers.
- Designed dynamic charts and graphs to visualize key metrics, including ad engagement, site traffic, reporter revenue, token prices, listings, and news data distribution.
- Built a dynamic and responsive user interface based on Figma designs.

Company Portfolio — *Frontend Developer* AT 2X SOLUTIONS ([link](#))

JUNE 2023 - AUGUST 2023

- Developed a visually appealing and responsive portfolio website for the company, based on Figma designs provided by the designer.
- Enhanced user experience with smooth animations and transitions using Framer Motion.
- Ensured cross-browser compatibility and responsive pages.
